

# Compassionate Staff

We specialize in friendly, personalized, patient-focused care while developing your plan of treatment, whether it includes conservative options or more advanced interventions.

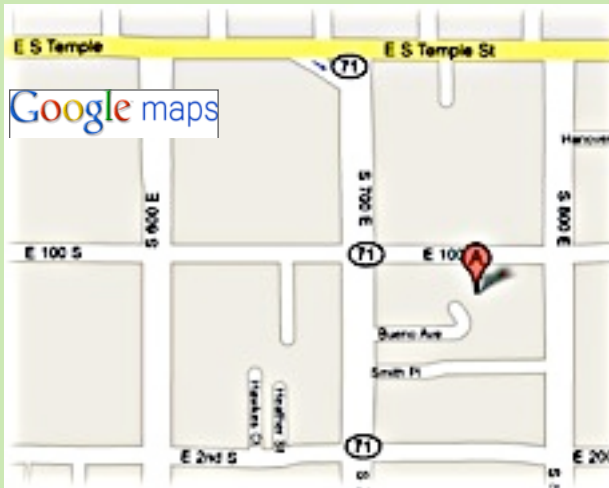

We make every effort to decrease the cost of your medical care. If you have insurance, we will help you to determine the coverage you have available. Ability Prosthetic Systems works with Medicare and all major insurances. Our Billing Coordinator will bill all carriers as a courtesy to you. We have payment plans to suit different budgets. We accept cash, checks and credit cards for your convenience.

We look forward to your visit to our beautiful, 4000 square foot, state of the art facility, located in lovely Salt Lake City.

# Superior Experience and Expertise

**JAMES THOMAS ANDREW**, is an **ABC Certified Prosthetist** and **member of the American Academy of Orthotists and Prosthetists**. The Academy awarded him a **fellowship in 2001**. An above knee amputee himself, he earned a **Bachelor of Science** from Utah State University and then completed his **postgraduate education in prosthetics at UCLA**. As one of

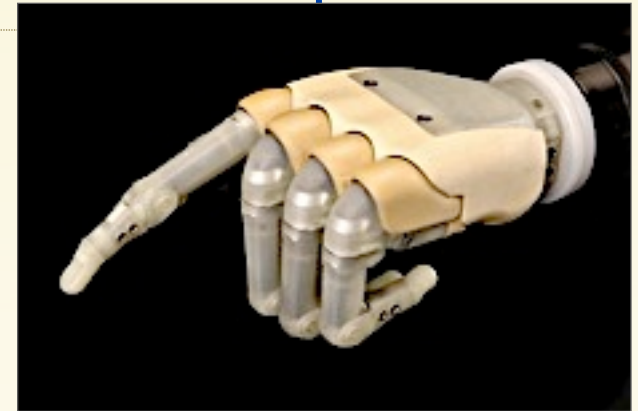

the founders and a Past President of the **Upper Limb Prosthetic Society**, he has been published extensively in peer reviewed journals and textbooks. Mr. Andrew has traveled throughout North America and Europe providing advanced training courses in fitting the **Utah Artificial Arm**. Clinician and inventor, he presents lectures concerning **socket design, myoelectrics**, and many other topics. In 1993, he established **Ability Prosthetic Systems**, where his over **35 years of experience** and creative insight expertly serve patients from all over the world.

Our **on site** prosthetic team is highly dedicated and experienced with extensive training in their specialty. The fabrication lab is here to provide the most progressive and sophisticated treatments available for patients with prosthetic needs. Strong commitment is evident in credentials that reflect knowledge and extensive training. Our clinical excellence and expertise allow us to successfully address the challenges of evaluating and treating patients with limb loss. We take pride in being on the cutting edge of the newest technological developments and advanced procedures.

## **KNOWLEDGE is the Key to SUCCESS!**

At Ability Prosthetic Systems, Inc, we philosophically believe that education is an integral part of the plan of care for our patients. Understanding their condition and treatment options is key for patients to make an informed decision for their road to recovery, function and independence.

## **Our Specialties Include:**

UPPER LIMB	ON SITE FABRICATION LAB
MYOELECTRIC	ISCHIAL CONTAINMENT SOCKET DESIGN
